

7 June 1976

MEMORANDUM FOR THE RECORD

SUBJECT: U.S. Coast Guard Query Re Where's What

1. The attached letter from the U. S. Coast Guard concerning the classification of [REDACTED] book STATINTL  
Where's What was originally received in early May by PPG, but was misplaced and "lost" for about four weeks.

2. On 7 June 1976, upon its rediscovery, I contacted Mr. Thomas A. Campbell of the Intelligence and Security Division of the U. S. C. G. apologizing for our lack of response. I advised him that the book had, indeed, been declassified several months ago and provided the Library of Congress. He was most appreciative of the information and stated that he did not need a written response to the attached letter.

[REDACTED]

STATINTL

Chief, Policy & Plans Group  
Office of Security
